

The 44th Annual International Congress of the
**EGYPTIAN SOCIETY OF
CARDIOLOGY**
CardioEgyt2017

**Aortic coarctation – the
interventionalist view**

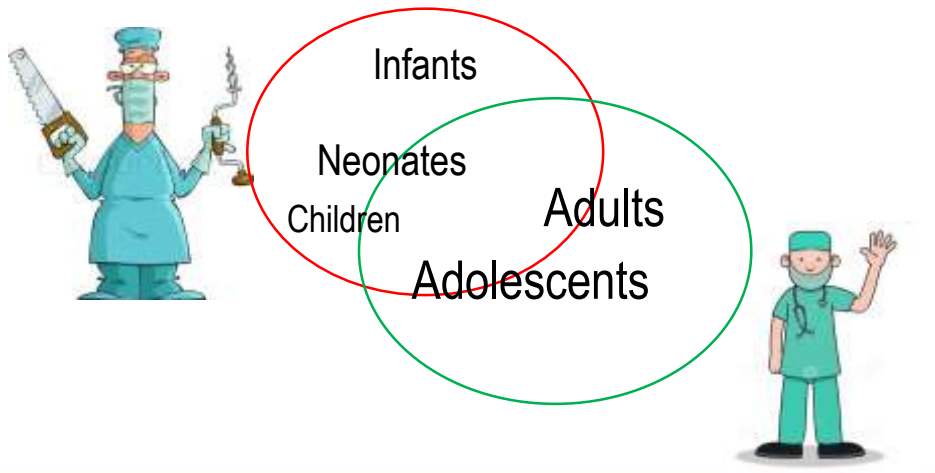

By
Alaa Roushdy, MD, FSCAI
Assistant Prof. Congenital and Structural Heart Disease Unit
Cardiology Department – Ain Shams University

AGENDA

- Who is going to do what ?
- Establishing the diagnoses – What I need to see ?
- Preparing the equipment – What I need to prepare ?
- All set – lets do a “Coarctation stenting”
- Special considerations

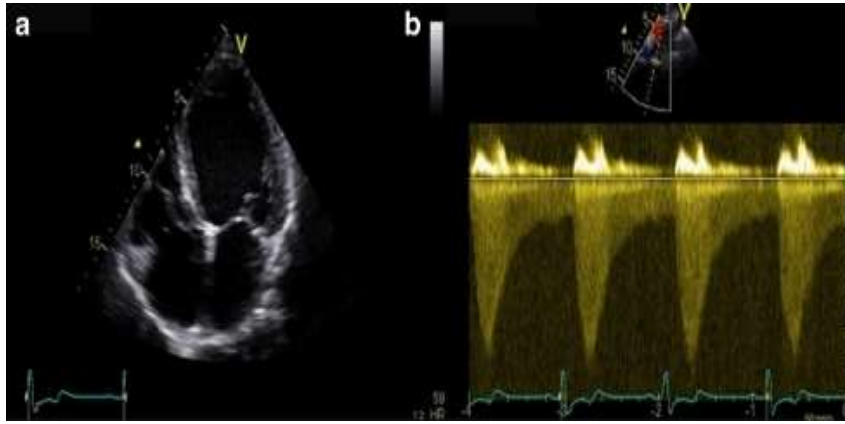

Who is going to do what?

Establishing the diagnoses – What I need to see ?

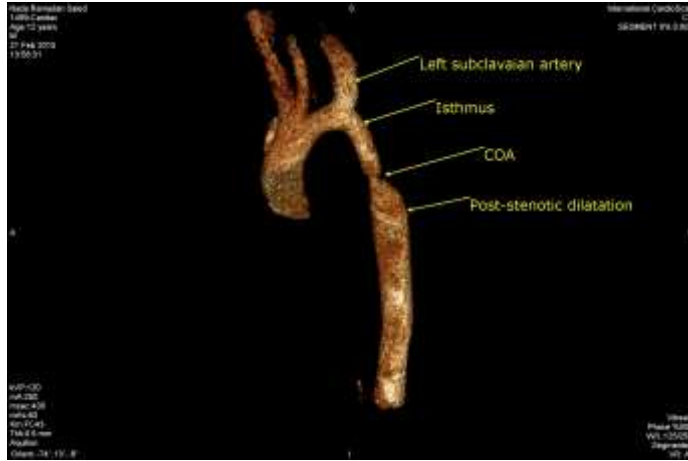

Establishing the diagnoses – What I need to see ?

Establishing the diagnoses – What I need to see ?

Establishing the diagnoses – What I need to see ?

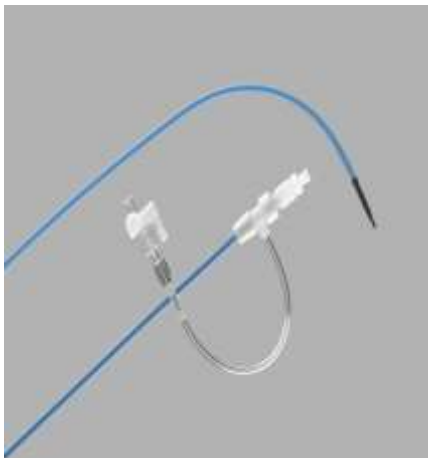

Establishing the diagnoses – What I need to see ?

Establishing the diagnoses – What I need to see ?

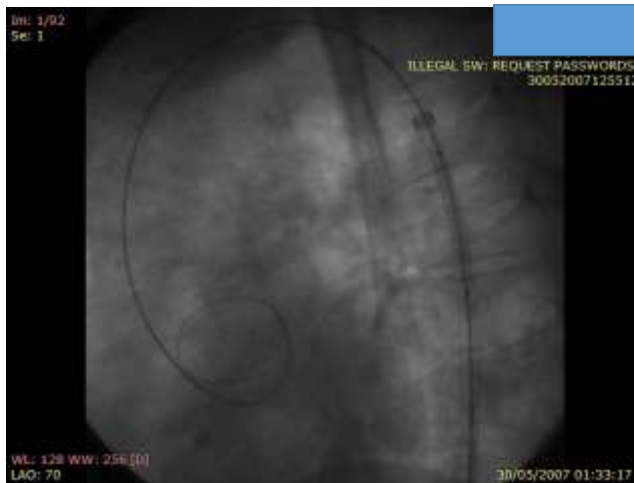

Preparing the equipment – What I need to prepare ?

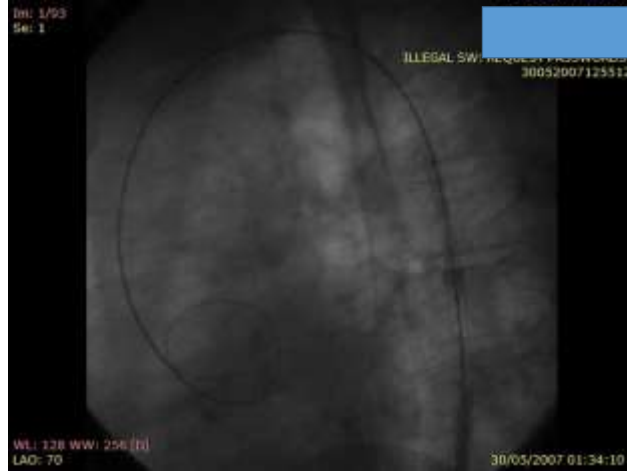

Preparing the equipment – What I need to prepare ?

All set – lets do a “Coarctation stenting”

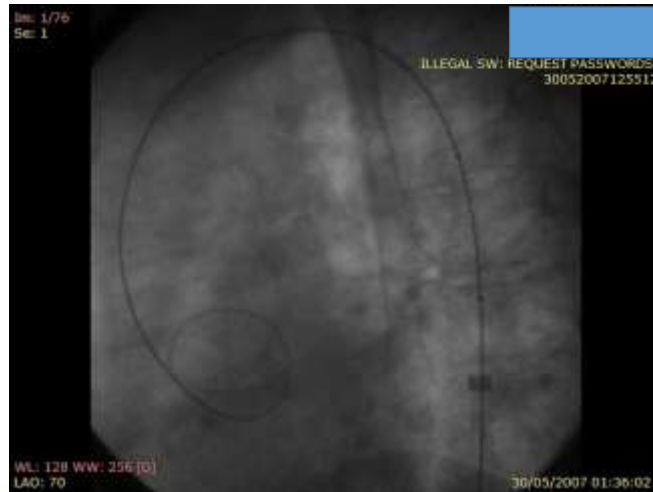

All set – lets do a “Coarctation stenting”

All set – lets do a “Coarctation stenting”

All set – lets do a “Coarctation stenting”

Special considerations

Is it really a coarctation ?

Is it really accessible?

Is it really fractured ?

Why covered stents ?

Is it really a coarctation ?

Is it really a coarctation ?

Is it really accessible ?

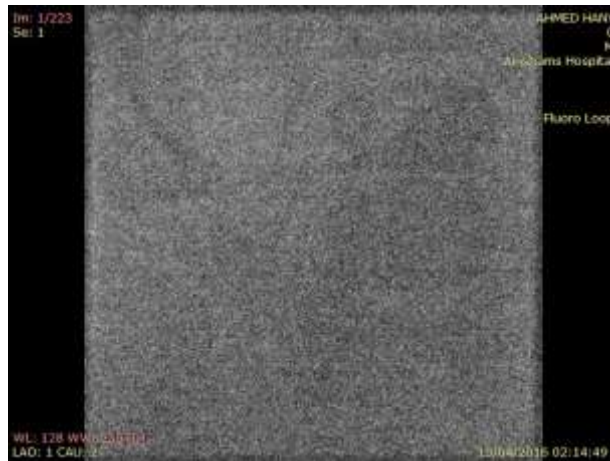

Is it really accessible ?

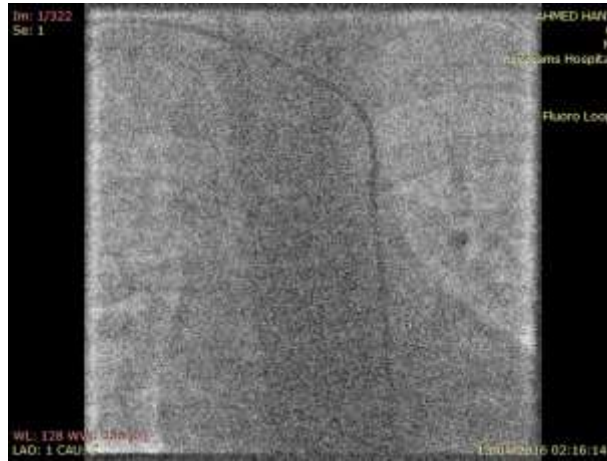

Is it really accessible ?

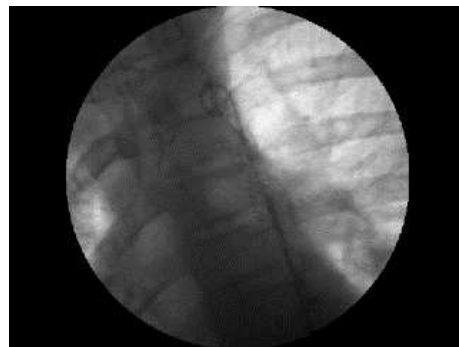

Is it really accessible ?

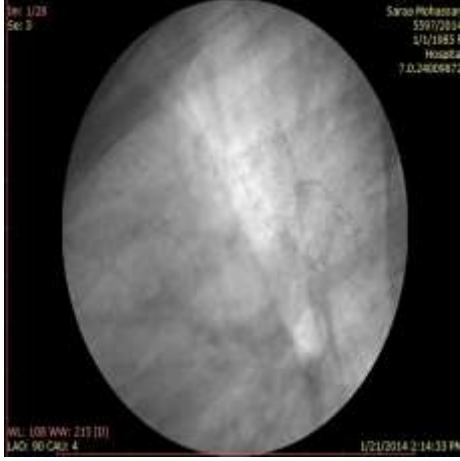

Is it really accessible ?

Is it really fractured ?

Is it really fractured ?

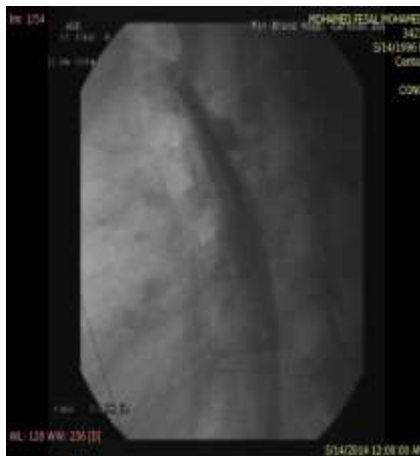

Why covered stents ?

Why covered stents ?

Why covered stents ?

Take home message

- Intervention in aortic coarctation is not just about coarctation stenting
- It is about who needs intervention, what type of intervention and how to prepare for this intervention

Thank you
